

CM Hoist and chain inspection kits

These useful inspection kits make it easy to understand and comply with OSHA and ANSI/ASME regulations for chain hoist and chain sling use and inspection.

- Hoist kit covers inspection of lever tools, pullers and chain hoists. Literature Code IPH-75.
- Chain kit discusses chain and chain sling care and use. Literature Code IPC-75.
- Both kits provide survey information to allow for complete inspection of hoists and/or chain throughout a plant
- Instructions and tips are completely illustrated and easy to follow
- OSHA compliance information included
